## Profile Summary

Senior Mechanical Engineer with over 8 years in product development and design. Experienced in SolidWorks, FEA simulations, and manufacturing processes.

## Skills

SolidWorks, AutoCAD, FEA, Thermodynamics, Manufacturing, 3D Printing

## Experience

### Mechanical Engineer - Innovatech

Winnipeg, MB | Jul 2015 - Present

- \* Led design of HVAC systems for commercial buildings.
- \* Conducted FEA to validate load-bearing components.

## Projects

### HVAC Optimization

Improved system efficiency by redesigning airflow paths.

### Prototype Assembly

Created 3D-printed mockups for ergonomic testing.

## Education

### B.Eng in Mechanical Engineering - University of Manitoba

Winnipeg, MB | Sep 2010 - May 2014
